Cooperation - Coordination - Balance

056889

Ball Swing

The ball swing consists of a fabric outer with a loop. Inside is a normal exercise ball. This means that the ball swing can also be used for sitting on and bouncing, as well as swinging, so it helps to develop muscle build-up, physical coordination and balance.

Contents: ball outer, exercise ball, rope for hanging (115 - 200 cm) and spring clip.

Dimensions: Ø approx. 65 cm.

Material: outer made from robust outdoor fabric (100% polyester) with polypropylene strap.

Weight-bearing capacity: 100 kg.
Delivery without pump.

Age: 3+

flaps allow 3 different hook heights

rotatable with 1-point-mounting

107900 Swing Thing

Children can crawl in, lean back, stretch out and relax while enjoying the swing in the company of friends. The high outer sides can be pulled up, making sure that nobody goes overboard. 1- or 4-point hanging possible.

Dimensions: h 180 cm, Ø 100 cm.

Material: Polyester with wooden floor and foam mat.

Age: 3+

Swing Thing, at ground level: children can always get in and out by themselves

133570 Chilly Maxi

Really comfortable swing seat with removable padding: perfect for rocking, relaxing and taking time out. Weight-bearing capacity: 100 kg. Also perfect for kindergartens and schools.

Dimensions: Total length: 2 m.

Material: 100% polyester, robust and waterproof.

Delivery incl. spring clip, swivelling hook and rope for hanging.

Age: 3+

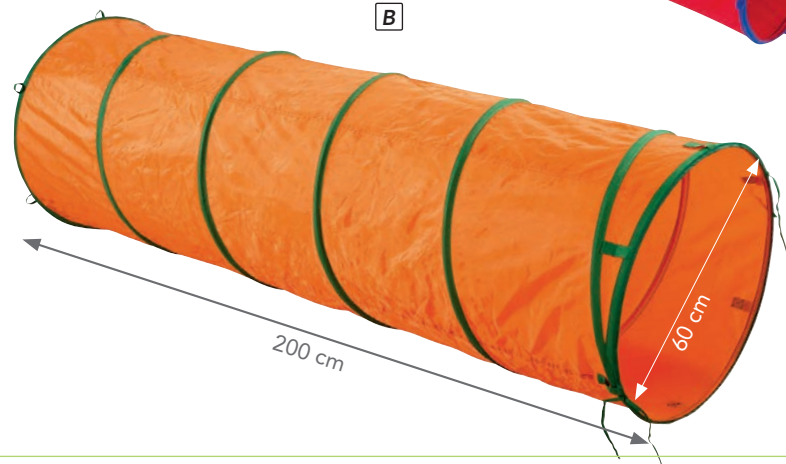

Crawling Tunnel

Crawling Tunnel

The spring-up system means the tunnel is quick to assemble and just as quick to fold down flat after use. The tunnels are connected in the middle or together with loops and hook and loop tapes. Net windows let light into the maze. Material: 100% polyester. Tunnel diameter: 60 cm.

- A 054918 Octopus, 5-piece**
Contents: 1 x 1 m, green; 1 x 1 m, blue with net window; 1 x 2 m, orange; 1 x 2 m, red with net window; yellow centre piece with 4 entrances and slit
- B 054922 Single**
Contents: orange, 2 m

098910

Experience Mat

It has a soft filling and is made up of two parts that are joined together with an all-round zip fastening. This means that the mat can be used as a crawling mat or filled with different objects such as balls, balloons, cushions or cuddly toys etc. A fascinating movement landscape is created that can also be used as a feeling course.

Dimensions: 3 x 2 m.

Material: robust fabric made from 100% polyester, polyester filling. The mat can be washed at 30°C but, because of its size, it does not fit into conventional washing machines.

Age: 1+

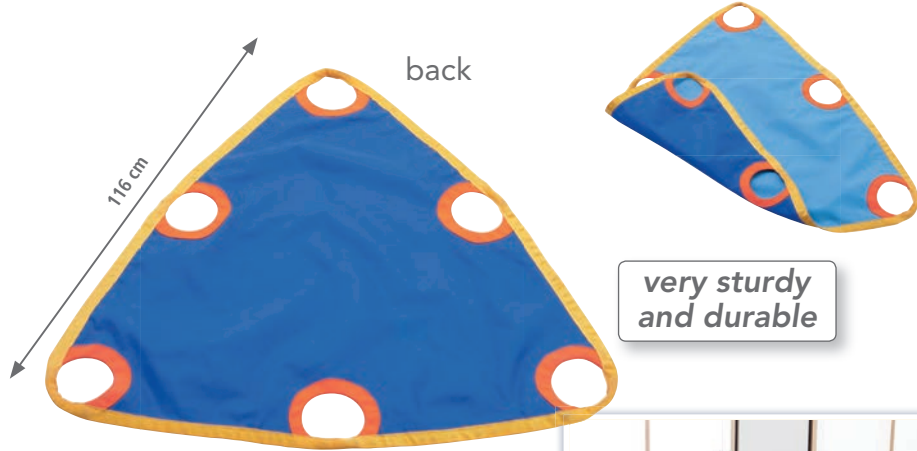

Material can be filled in or hidden under the mat

Cooperation Blanket

Play, fun and the joy of movement can be perfectly combined with the robust cooperation blanket. One child can be pulled along or carried on the blanket by the other children or the blanket can be used in free play as an "island". The triangular cooperation blanket has 6 integrated loops for carrying. Hemmed with tear-proof webbing, it is suitable for indoor and outdoor use. Includes instructions with many game ideas.

Dimensions: each side 116cm in length. Incl. instructions with ideas for play.

Material: hard-wearing outdoor fabric (100% polyester), washable at 30°C.

Age: 1½+

*nice and easy to
use for little ones*

Golf Sheet Activity

Golf Sheet is a game of skill, which was originally developed specifically for group work for people with dementia. The variety of game variations means it is not just an excellent game for older people, but also for children and adults with and without disabilities. The sheet has 4 holes in 2 sizes and 2 different colours. The aim is to manoeuvre the two different sized balls (5 cm and 6.2 cm in diameter) into the matching holes. The game encourages staying on task, coordination and teamwork given that tasks are solved as a group and success experienced together. The enclosed instructions includes many game ideas.

Dimensions: 143 x 253 cm. For 2 to 8 players. with 4 Holes

Material: Durable outdoor fabric.

Age: 3+

carrying balls together in the mesh pockets

056146

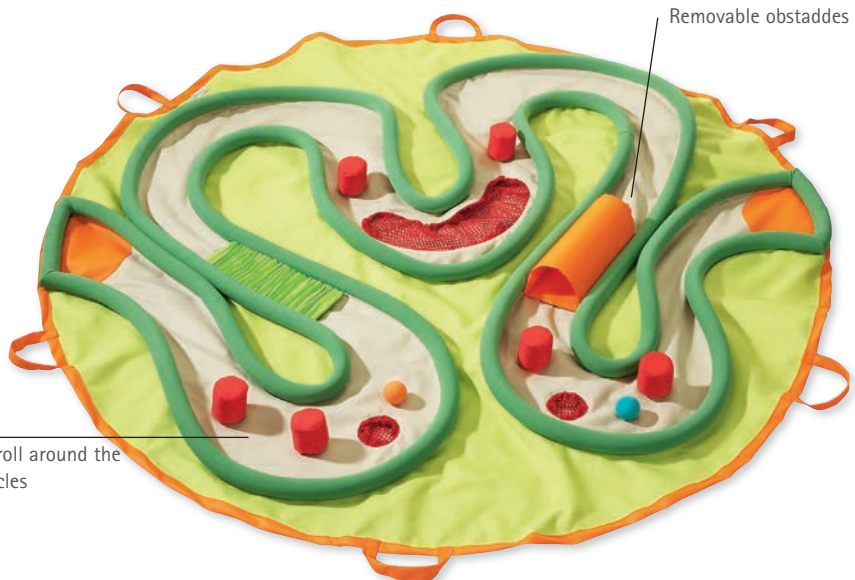

Parachute "Labyrinth"

This parachute feels at home in the air, held by 6 children, and on the ground as a play mat. There are removable obstacles, net hollows, a tunnel and an uneven surface in the passages of the labyrinth. A great deal of skill is needed to get the balls through the labyrinth. Children that have tested the parachute quickly changed it into a racing track for cars or a foot feeling path.

Dimensions: Ø 140 cm. Ball not included.

Material: Robust fabric made from 100 % polyester. Hand washable at 30°C.

Age: 5+

Removable obstacles

Balls roll around the obstacles

120264

Wooden Balls, 6 pcs.

... in 6 beautiful colors: Red, orange, maize yellow, blue, light blue, light green.

Dimensions: Ø 4.6 cm.

055400

Ball Set, 16 pcs.

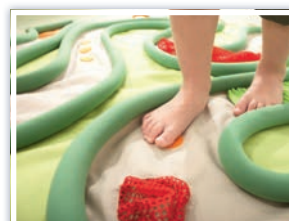

Balls made of three different materials in three sizes: 6 softballs (Ø 3.8 cm), 6 table tennis balls (Ø 4 cm), 4 bouncy balls with golf ball texture (Ø 4.2 cm).

NEW

044973 Cooperation course Set

The system is important here. The ball is transported on the parachute in the different play variants. Whether it rolls or jumps from one course to the other, this requires, and at the same time trains, dexterity, velocity and the capacity to react. Because all variants require cooperation within the group, social skills and a sense of community are also encouraged.

The parachute consists of 1 cross-shaped middle section with 8 handle loops (= „junction“), 2 small side sections with 10 handle loops (150 x 68 cm) and 2 large side sections with 12 handle loops (252 x 68 cm). Bag for transport.

Material: Polyester

Age: 3+

net pouches for balls

Especially suited for therapy!

056078

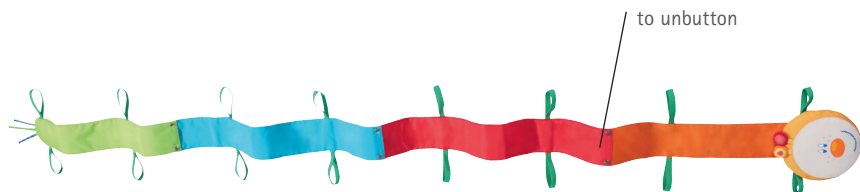

Play Parachute with Motifs

The segments of the parachute have net pouches for balls and prints of the numbers from 0-10. The segments also show funny vehicles and animals on land, in the water and in the air structured by the colors. This provides for the realization of many great game ideas with the parachute. Has 12 handles. Incl. tote bag.

Material: nylon in 4 colors.

Dimensions: Ø 366 cm

Age: 1½+

051131

Rolanda

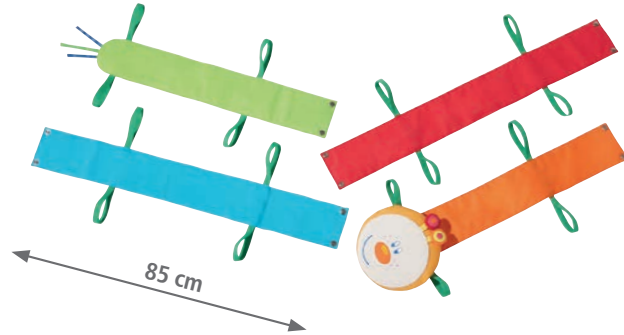

The Walking Caterpillar

A total of 16 children can hold onto the loops when walking. Segments can be removed if the group is smaller. Rolanda is made up of a head and three further segments.

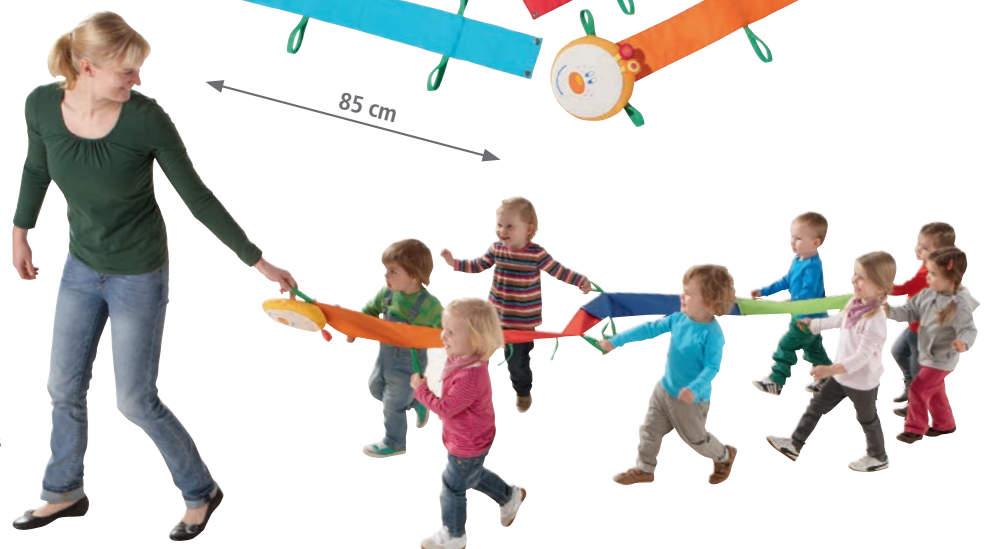

Material: Robust fabric made from 100% polyester. Washable at 30°C as handwash.

Dimensions: Segments approx. 88 cm long, W 12 cm. Total weight: 400 g.

Age: 1½+

removable segments

055219

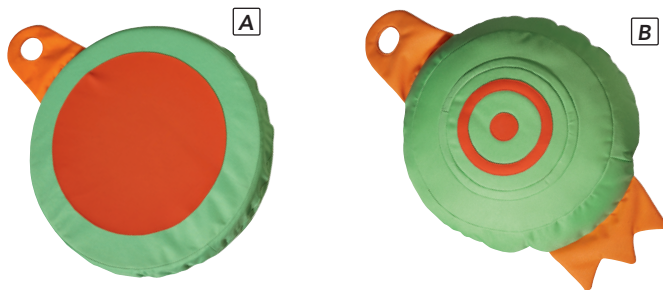

Anti-Aggression Set

Relieving aggressions with fun. These two clubs and shields are very well cushioned, so one can let off steam without risking injuries. Some children will surely feel like a small knight at a joust.

Dimensions: club Ø approx. 19 cm, length 54 cm, shield 36 x 36 cm.

Material: club with integrated wooden rod, shield and club with foam cushioning and outdoor fabric cover.

Age: 3-12

NEW

A 025349

Stamping mat

Perfect for releasing aggression. When it's on the ground, stamping is allowed – and the thick padding means nobody gets hurt. With non-slip surface on the underside.

Material: removable and washable cover (30 °C in the delicate cycle) made of artificial leather (upper) and 100% polyester outdoor material, removable foam padding.

Size: Ø 46 cm, H 8 cm.

B 023549

Anti- Rage Cushion

Perfect to get rid of that pent up frustration. Hanging on the wall, or placed on the table, floor or lap, it can take any number of blows. Thanks to the thick padding and soft outer material, children will not hurt hands or fingers.

Dimensions: Size Ø 39 cm, H 17 cm

Material: removable washable polyester cover, padding.

NEW

038737

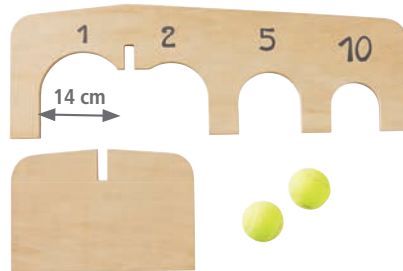

Goal

Accuracy training, fourfold: The four goals vary in size – the smaller the goal the more points a strike earns. And the more points, the stronger a player gets; with the smallest goal they're as strong as an elephant! The included tennis balls are hit with a hockey stick, or kicked.

Contents: 1 goal with 4 aimholes, 4 goals, 2 tennis balls.

Dimensions: W 65.5 x H 20 cm.

Material: birch

051388

Ball Trampoline

The balls keep coming back. The trampoline for Touchball games is also a good "partner", e.g. for practicing aiming and catching: alone or in pairs. But watch out! If the ball is thrown with full force into the net, you must chase after it to catch it.

Dimensions: 1 x 1 m.

Material: metal tube frame with fixed rope lining.

Age: 5+

foldaway

Can also be cut to a narrower width if desired

669138

Mini soccer goal

This foldable mini version is a great alternative to larger football goals.

Dimensions: 130 x 95 x 50 cm.

Material: Galvanized, powder coated metal frame, polyester mesh.

with goal wall

674686

Soccer Goal

Complete with goal, goal wall and rebound set (goal trainer with rebound effect). The goal is designed specifically to facilitate a rebound function and can accommodate rebounds in angles from 90°-120°. Everything can be assembled quickly thanks to simple safety clips. Material: Fabric net made from strong, 5-strand polyester and includes hook and loop straps, goal made from durable nylon fabric with 2 reinforced goalpost openings, rebound set consists of firm polyester mesh fabric with 22 dynamic spring-back bungee loops, and the goalposts are made from a galvanized 32 mm tube. Includes 11 steel pegs so that it stays steady.

Dimensions: 213 x 153 x 76 cm.

Foot balancing disc set

- A** 055771 large (Ø 110 cm)
- B** 055772 small (73 x 47 cm)

Movement coordination, balance and concentration can be trained through play using the balancing discs. The 8 quarter segments that are shaped on both sides can be combined in new ways, over and over again. A simple spiral, a figure of eight or tricky mazes present a new challenge every time. Simply pick four of the 8 quarter segments, attach them to the balancing disc and secure.

Contents: Balancing disc, 8 matching quarter segments, 1 attachment, instructions with different ways to play.

Material: Balancing disc made from birch plywood with non-slip surface; quarter segments made from birch plywood, 2 cm thick, lasered in color and coated.

Age: 7+

Flexible size adjustment thanks to hook and loop (shoulder and back)

NEW

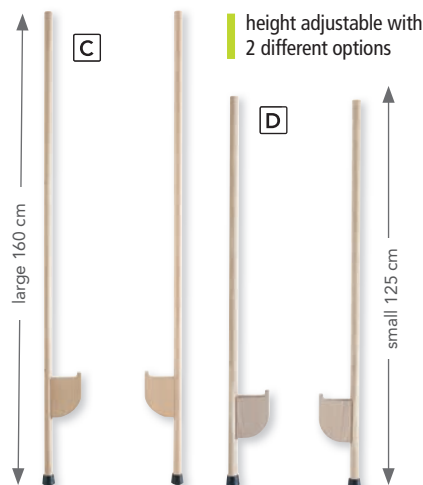

024171 Horse reins

Flexible size adjustment thanks to hook and loop fastener on the back and shoulders. As soon as the rider has their horse „reined in“ it's time to get going for a wild gallop. Another cool thing: the hook and loop opening on the reins mean that two children can „ride“ at the same time. With bells.

Material: robust, double-stitched artificial leather.

Size: rein length approx. 120 cm.

Age: For children who wear clothes sizes 86 - 128.

height adjustable with 2 different options

height adjustable with 3 different options

NEW

- C 040492 Stilts, large, H 160 cm, from 7 years**
- D 043465 Stilts, small, H 125 cm, from 5 years**

These robust and lightweight stilts are very easy to handle. The round bar means they can be comfortably grasped at any height. The foot plate is height adjustable with 3 different options. Non-slip rubber feet ensure safety.

Material: beech, painted.

Size: Ø 3 cm, step width 10.5 cm. load: 70 kg. Each 1 pair.
