Roman Arch

Ingenuity and architectural brilliance inspired the Romans to incorporate form and function into design. The arches allowed the aqueducts to flow freely as to provide sufficient water for the growing cities. This large block set allows children to use and learn the same engineering principles the Romans used.

Contents: 114 pieces. Instructions included. Item shrinkwrapped.

Dimensions: H 22 cm.

Age: 5-99

0489

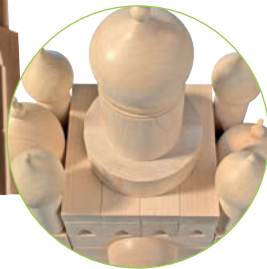

Coliseum

Reenact ancient Gladiator matches with this large block set replicating the Roman Coliseum. This set brings the grand style of ancient day Rome to the new millenium with great detail.

Contents: 110 pieces in 7 shapes. Instructions not necessary, therefore not included. Item shrinkwrapped.

Dimensions: H 10 cm.

Age: 5-99

0471

Russian Blocks

The Russian Empire was vast and culturally diverse. Its architecture drew upon many peoples and religions. This set combines many of the domes and arches that Russian Czar and religious leaders used in constructing buildings in Moscow and St. Petersburg.

Contents: 55 pieces in 16 shapes. Instructions included. Item shrinkwrapped.

Dimensions: H 26 cm.

Age: 5-99

6

0470

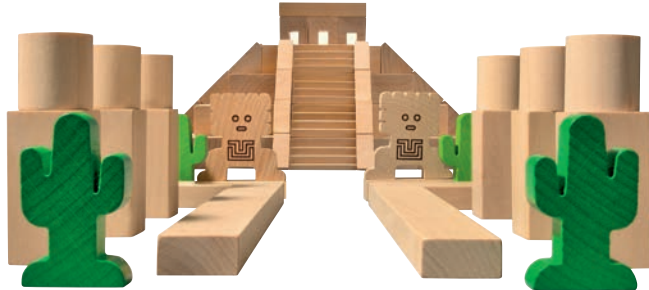

Japanese House Blocks

One of the oldest cultures in the world also has one of the most beautiful forms of architecture. Complicated multitier roofs and ornate pagodas allow the builder to create temples, palaces or calming formal gardens.

Contents: 63 pieces in 23 shapes. Instructions not necessary, therefore not included. Item shrinkwrapped.

Dimensions: H15 cm.

Age: 5-99

0473

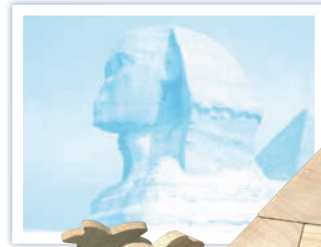

Mayan Temple

Drift back 1500 years to the time when the Mayan civilization was at its peak in Mexico, Guatemala and Belize. Among their great structures, they built the pyramid temple El Castillo to their god Kukulkan, and the Temple of the Warriors at Chichen-Itza in Mexico. This large block set allows you to build your own temple or use these pieces with other Master Builder block sets to make a style of your own.

Contents: 80 pieces in 14 shapes. Instructions included.
Item shrinkwrapped.

Dimensions: H 15 cm.

Age: 5-99

0481

Pyramid

Explore the pyramids of Egypt and search for the gold sarcophagus of an exalted pharaoh. Build and wander through numerous chambers and passageways you create. The construction techniques the Egyptians used on the pyramids are truly a mystery. Assemble block formations and solve the mystery.

Contents: 67 pieces in 18 shapes. Instructions included.
Item shrinkwrapped.

Dimensions: H 21 cm.

Age: 5-99

0477

Egyptian

Commemorate the rule of the pharaohs with this building set reminiscent of the eternal masterpieces of the Nile Valley. Like the great cities of Karnac and Luxor.

Contents: 49 pieces in 20 shapes. Instructions not necessary, therefore not included. Item shrinkwrapped.

Dimensions: H 15 cm.

Age: 5-99

0476

Middle Eastern

The distinctive "onion domes" of the buildings in the Middle Eastern set give each building the special look of the 7th through 16th centuries in Persia, Syria and Egypt. Aladdin and other characters of Middle Eastern lore come to life as you build a village in this style, or accent other styles for a Middle Eastern look.

Contents: 50 pieces in 13 shapes. Instructions not necessary, therefore not included. Item shrinkwrapped.

Dimensions: H 17 cm.

Age: 5-99

NEW

028474 Multi play cube

Compact playing fun without the cleaning up – and nothing gets lost: an ideal, space-saving solution for a waiting areas or small play corners. The cube offers options for independent discovery and fun on all sides. Whether magnetism, visual phenomenon, motor skills or role playing – there is something for everyone here: a tube with magnetic dust next to two magnetic rods, the effect turning disc tower, adjustable cogs, a steering wheel with gear stick, push cars and animals, a wide-angle and a turning effect mirror, spring-mounted magnetic balls, a lovingly illustrated wooden puzzle ... Children can discover all this and much more on their voyage of discovery.

Dimensions: 50 x 50 x 60 cm

Material: birch wood.

Age: 2+

Ø 30 cm

134378

Stack-Board Meadow

I love to stack on my meadow ... And then 6 colorful flowers are blossoming. Naturally, these flowers attract butterflies, beetles and caterpillars. There is frequent movement from one flower to the other – just like outdoors in nature. The colorful parts, which feel very comfy in the hand, can very easily be assembled in many different ways. In doing so, the pincer grasp with thumb and index finger as well as the three-finger grip are trained. 23 wooden parts.

Contents: meadow ring, 16 flower parts, 6 plug-on animals.

Dimensions: Ø of the meadow 30 cm, ladybug Ø 9 cm.

Material: wood with colored varnish, saliva-resistant.

Age: 1½ +

This game supports

- training of different grasp movements
- recognizing different colors and shapes
- forward planning

spherical grasp

pincer grasp

grasp with both hands

cylindrical grasp

020587

Creepy Crawly

A fun way to train hand movement skills. The beetle and bee each have three parts, easily gripped by children's hands, which can be screwed together and taken apart as many times as the child likes. The colourful designs and fun movement mean that the children will want to play time and time again.

Dimensions: Size Bee – head 6 x 3.5 x 7.5 cm – body 9 x 8.5 x 7.5 cm – bottom part dia 10.5 cm

Material: wood.

Age: 6+ months

In Emil's garden there is a lot to discover!

Trees on one side with blooms and on the other side with fruits.

Made in Germany

NEW

039939

Emil's little garden

Emil the little gardener has an important task: he wants to build a house and create a beautiful garden. Who will help him? The special thing about this beautiful pegging game is that children from 2 years can help Emil redesign his garden over and over again in new creative ways. The large, easy to grasp figures and materials stimulate the imagination and also encourage haptic perception, fine motor skills and hand-eye coordination. In free playing or role playing it trains communication, language skills and vocabulary, while at the same time creating awareness of where our food comes from.

Contents: 5 garden beds, 2 trees (1 x large, 1 x small, printed on both sides: 1 x flowering, 1 x with fruit), 1 house (4-piece), each 2 flowers, small radishes, radishes and lettuce, 1 mole, Emil, 1 bench, 3 fences.

Material: wood, partially painted and printed, fabric.

Dimensions: Size: Box (= garden area) 36.5 x 6.5 x 24.5 cm
Emil approx. 6.5 cm tall, house 8 x 11 x 3.8 cm radish approx. 6 cm tall.

Age: 2+

Players: 1-3

This game supports

Ball stacking game

The base parts are like giant puzzle pieces and can be put together as a disc or in a snake-like shape. Then the balls can be stacked on each other: to make single or multi-coloured towers. In the process children can practice counting or colour assignment. An interesting effect when stacking the balls is that the tower of balls leans, but doesn't collapse. Hand-eye coordination and fine motor skills are required for stacking and grasping.

Contents: 5 plug-in pieces, 2 end pieces – natural polish, 25 polished wooden balls with pins in 5 colours (red, green, yellow, blue, purple).

Dimensions: ball Ø 5 cm, base plate as a disc Ø 22 cm, 16 mm thick.

Material: beech

Age: 2+
