Sound Box

Made in
Germany

014043

Findikus Sound Box

Drumming, scratching, rubbing, through a bowl filled with marbles or with musical instruments ... Special worlds of sound can be created in and on the sound box. Also great for adding sound effects to stories! This box has many connection holes to insert the hoses – this way, many sounds / noises can be distributed. The bottom is open and has notches for hoses and music trunk (item no. 036074 on page 18).

Material: birch plywood.

Dimensions: 40 x 40 cm.

Made in
Germany

014044

Findikus Hearing Box

Listen to your own voice and discover its versatility - Whisper and shout, hum or giggle. Helps children to develop self-awareness.

Besides connection holes for inserting the hoses, this box has a big hole to slip inside. This way, it is possible to lay down in the resonating chamber – a cushion (38 x 38 cm, polyester cover) is included. For special insights and views: one of the side is made of acrylic glass.

Material: birch plywood, acrylic glass.

Dimensions: 40 x 40 cm.

014046

Hose to be Cut to Size

For the work with the sound and hearing boxes, the hose is cut into pieces of the following lengths: 2 x 2 m, 2 x 3 m, 2 x 5 m.

Material: plastic.

Dimensions: Ø 4.5 cm, length 25 m.

NEW

014042

Findikus sound experimentation centre

Set includes Findikus hearing box (014044), Findikus sound box (014043), 1 hose (25 m) that can be cut to (014046) size. No music rattle included.

includes 4 cotton bags and 4 blindfolds

063859 Touch Dominos

7 different materials have been stuck onto the dominos. At the beginning of the game, the players can feel the materials and think about what they resemble. The game is played blindfolded. Each player takes the same number of dominos and puts them in their feeling bag. To put down the dominos, players have to feel the dominos that are on display and find the matching dominos in their bag. The game is also great for involving visually impaired players.

Contents: 28 dominos made from birch plywood (4.8 x 9.8cm, 6mm thick), 4 blue cotton bags (30 x 30cm), 4 blindfolds, 1 set of instructions.

Players: 2-4.
Game duration: variable.

Age: 3+

658830 Hose Telephone

Talking with each other through the hose. This hose telephone is a ton of fun. Although it works without any technology, the voices can be heard well in the receiver.

Dimensions: Hose is approx. 6 m long.

Material: wooden receiver and flexible plastic hose.

Age: 3+

112957

Foot Sensations Path

"Seeing" with the feet. In order for it to work, the children must be walking on the path barefoot and blindfolded. While doing so, everybody can describe what he or she feels, and guess what material it is. The foot-feel-path consists of 10 frames, 4 pillows that can be filled and 6 feeling tiles: Taffeta, long fiber, velour, terry cloth, bast, netted fabric. The feeling pillows and tiles are removable and can be washed in the machine just like the frames at 30 °C.

Material: frames made of Outdoor fabric.

Dimensions: 51.5 x 51.5 x 51.5 cm,
pillows 47 x 47 cm.

Age: 3+

This game supports

- sense of touch
- social contact

Weaving Circle

There are a variety of different uses for the colourful, robust weaving circle. It is a fun way to teach children learning content and to support fine motor skills, hand-eye coordination and concentration.

0, 3, 6, 9, 12, 15, 18 ...

Each number sequence in the tables from 1 to 10 becomes a clear, symmetrical pattern where children can check by themselves if it is correct. Great shapes and figures can be woven, even without numerical skills. Whilst doing so, children intuitively acquire colour perception and first knowledge of figures. With 10 colourful wooden buttons and printed numbers from 0 – 9.

Contents: 1 weaving circle, 3 weaving strings.

Material: birch plywood.

Dimensions: Ø 18cm, H 3cm, strings (red, yellow, blue) approx. 15 cm.

Age: 3+

This game supports

- fine motor skills
- understanding of shapes and numbers
- creative play

2 Boxes full of Threading fun

Made in Germany

NEW

020596

Threading game box

053893 Sensory cottage

The sensory cottages are very versatile: For hiding in, exploring, touching and feeling, exhibiting, role playing and storing items. The cottage can be filled when the curtains are opened. Even when the cabin is closed you can peek through the small hole and recognise details. Set comprises of 3 different coloured sensory cabins (yellow/orange, green and blue) to attach to the wall, includes mounting materials. Washable at 30 °C in the gentle cycle.

Material: polyester.

Size (approx.): W 17 x H 25 cm.

NEW

- D** 037105 Flower
 - E** 037106 Car
 - F** 037107 Shoes
 - G** 037108 Jacket
- 037109 Set, 4 pieces (Flower, Car, Shoes, Jacket)**

Motor skills Cushions

The brightly coloured cushions are visually appealing and tactile. There are various materials to be touched and played with by little fingers. The flowers can be unbuttoned and rearranged. The jacket has a zip and a press stud. Threading and tying shoelaces can be learned on the shoes. The fire truck has belt connections. The four metal eyelets mean that the cushions can be hung on the wall.

Dimension: 39 x 39 x 1.5 cm

Material: foam, 100% polyester cover, metal eyelets. The cushions can be hand-washed.

Age: 3+

This game supports

- fine motor skills

Wondrous Wall Wizardry

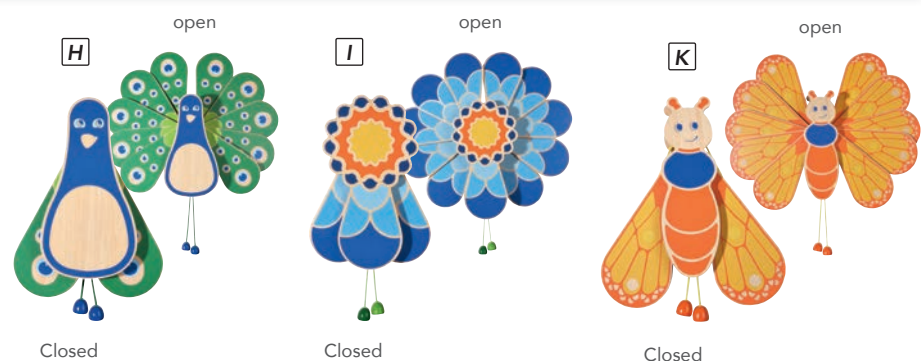

NEW

Wall magic

- H** 052953 Peacock, closed W 23.5 x H 31.5 cm, opened W 50 x H 42.2 cm
- I** 052954 Flower, closed W 22.2 x H 32 cm, opened W 50 x H 45.5 cm
- K** 052955 Butterfly, closed W 23.5 x H 32,2 cm, opened W 50 x H 39 cm

The peacock flower and butterfly can't make magic, but they are magical. If you pull evenly on the strings then the peacock opens its colourful tail, the flower blooms or the butterfly opens its brightly coloured wings. All three wall elements are bolted to the wall. Delivery incl. fastening materials and mounting instructions.

Material: plywood, 3 - 8 mm thick.

Stackable

110651

Feel-it Box

For variable fillings. Is it a stone or a chestnut? The children are supposed to feel only with their hands what is really in the feel-it box. The contents can be changed over and over again. With sliding lid and stacking edges; opening: fabric with elastic band.

Dimensions: l 25 x w 15 x h 15 cm.

Age: 3+

133782

Lock House

Everything is locked up. Each door is bolted or locked differently. Therefore, no magic word is needed to open the doors, but just dexterous fingers. The roof can be opened as well, e.g. to hide little things in the bins behind the 4 doors. Key chains ensure that nothing gets lost.

WARNING! Not suitable for children under 3 years.

Dimensions: 26 x 25 x 35 cm.

Material: wood, metal.

Age: 3+

133486

Fastener Cube

It has all kinds of "fasteners", from laces, plastic buckles, buttons to a belt buckle and more. It helps children to train their fine motor skills and to learn essential skills for everyday life. But things become even more exciting when the fasteners are opened. Then, a fun mirror or sophisticated netting with a colourful glass nugget to slide back and forth will appear. Or even a little pocket where a sweet reward can be hidden. Well now, what's that? Open the big belt buckle to look through the cube! This "spy hole" is also a wonderful place to keep objects for touching and it goes without saying that nobody is allowed to poke through from the other side! Material: solid foam core, cover made from outdoor fabric with 100% polyester, netting, mirror foil, hook and loop fastenings.

Dimensions: 30 x 30 x 30cm.

Age: 1½ +

This game supports

- fine motor skills
- eye-hand-coordination
- concentration

Grab and comprehend

Which worm clamp fits?

For nimble fingers

133780

Catch the worm!

The colour dice decides who can try to catch the worm. But before that can happen, each player has to look closely. Each set of pincers is different, so not all of the pincers can catch all of the worms. The worms are placed in the board in the holes provided. A tricky task!

Contents: 4 boards each with 8 worm pegs in 4 colours, 4 pincers, 1 magnetic board (30 x 30 cm), 1 dice. And Instructions with many game variations.

Dimensions: Pincers 16 - 17 cm long, worm Ø from 0.8 - 3 cm, L 4 - 10 cm, board side length 11cm.

Material: Wood.

Players: 2 - 4.

Age: 5+

This game supports

- eye-hand coordination
- concentration

(contents: 8 pairs of shapes, 8 shape cards, 4 structure cards)
- B 133362 "Large and Small"**
(contents: 36 placement shapes, 18 image cards)
- C 133363 "Similar Shapes"**
(contents: 10 shape pairs, 20 image cards)

Shape Finder

"Shape Finder - Geometric Shapes" is all about perceiving three dimensional shapes and figures, as well as visual imagination and retentiveness. The materials help to develop haptic-tactile and visual perception and the links between them. "Find the same shape", "find pairs of shapes", "remember the shapes" - these are just three of the ideas for play for complex visual and tactile-haptic shape perception offered by "Shape Finder - Large and Small". The third shape finder game, "Similar Shapes", is all about perception of shape features and comparing and recognising similarities. In this game, visual imagination and retentiveness, as well as abstraction and reproduction are fostered, along with other skills. Each shape finder game includes 2 feeling bags, 1 egg timer and 1 set of instructions.

Material: shapes made from beech wood.

Dimensions: image cards 9 x 9 cm.

Players: 1 - 3

Age: 3+

This game supports

- sense of touch
- differentiation of form and size
- concentration
- combinatory skills

3 different games: analyse picture card, find the corresponding form.

Made in Germany

134379

Magnet Game

Fishing, a different way. All fish are swimming higgledy-piggledy in the sea. Instead of a fishing rod with hook, each player has a colored magnet pen. With the same, the player tries to bring the fish family of his or her color back together. This requires dexterity, patience, strategic thinking, but also mutual consideration. The magnet pens are attached to the frame with a cord and can be stuck sideways into the frame. The game instructions are printed on the game plan. This game is ideal for the foyer or waiting areas, because nothing can get lost and it is always ready to play.

Type: allocation game.

Dimensions: Ø 54 cm.

Material: game board made of multiplex wood birch, acrylic pane.

Players: 1- 3

Age: 3+

This game supports

- perception and coordination
- training of senses
